

Mr. Thomas brings life and joy into F.Ave. He always says hi and gives me a hug when I pass by. He will put his students' needs before his own any day. He is kind and loyal and if he doesn't like anyone, he definitely doesn't show it. I am sure that as Assistant Principal, Mr. Thomas is very busy but he is always willing to stop what he is doing to say hello to me. Whenever I am feeling upset or down and Mr. Thomas speaks to me, it makes me happy again. He is always saying kind and comfortable words and phrases that motivates students. When I first came to F.Ave, I was frightened. It was such a big place and I didn't know anyone. Mr. Thomas made that transition a lot easier and for that I will always be grateful.
