

For the Extra Mile Award, I nominate Ms. Dams, the art teacher at Oakhurst Elementary. I nominate her because she is always thinking about the students at Oakhurst and what they would like. She comes up with some pretty creative ideas! I think another reason she should receive this award is because she teaches in a way that everyone understands and has a passion for art. For example, I didn't know how to make origami crane at first. But she got me a jump start at origami. I even ordered my own Kaleidoscope origami sheets! So far I have made some origami cranes and swans. I hope to make many more.

Ms. D has encouraged my friends and I to always pay attention in her art class. She has encouraged me to be a detailed and more focused artist. I loved having Ms. D as an art teacher. This year I will go to F.AVE and I will miss Ms. Dams so much. These are the reasons Ms. D stands out from the crowd. This is why I nominate my awesome art teacher, Ms Dams.
